

ECOINCH
T5 FLUORESCENT

The Ecolnch is a heavy duty extruded aluminum task light which is easy to install, reliable and will give many years of trouble free operation.

Powered by a quality electronic ballast by ADVANCE, the fixtures operate quietly and without annoying flicker. The heavy aluminum body dissipates heat effectively and extends lamp and ballast life.

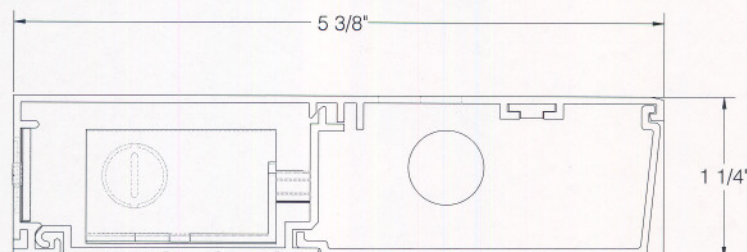

Each fixture is shipped with a rocker switch and includes warm white fluorescent lamps.

The Ecolnch is designed for direct wire applications and can be installed without removing the wire way. There is a "quick connect" plate in the back of the fixture. In addition, "knock outs" are available at the ends and back of the fixture for greater installation flexibility.

T5 Fluorescent

3 YEAR WARRANTY

ECOINCH**T5 FLUORESCENT****TYPICAL CROSS SECTION****MOUNTING DETAILS****Note:**

Access plate opening is replaced by 9/16 DIA. Knockout on ECO108.

UNIT LENGTH	"A"	"B"
12 5/8"	7 1/4"	3 5/8"
21 5/8"	16 1/4"	3 5/8"
24 3/4"	19 1/2"	3 5/8"
33 3/4"	28 1/2"	3 5/8"
42 3/4"	37 1/2"	3 5/8"

SPECIFICATIONS**CONSTRUCTION**

.060" extruded aluminum housing with injection molded polycarbonate end-caps.

DIFFUSER

Translucent opal acrylic warranted not to discolor.

FINISH

White polyester resin powder coat with minimum reflectivity of 87% standard. Optional painted finishes in Aluminum, Bronze and Black feature white interiors with the same minimum reflectivity of 87%. End caps are molded polycarbonate.
