Specifications

FINISH:
Thermoset polyester powdercoat is electrostatically applied after a five-stage conversion cleaning process and bonded by heat fusion thermosetting. Laboratory tested for superior weatherability and fade resistance in accordance with ASTM B117 specifications. For larger projects where a custom color is required, contact the factory for more information.

WARRANTY:
Three-year limited warranty.

CONSTRUCTION:
Cast aluminum construction. 2 piece die-cast aluminum wrap base available. 3" dia. X 5' long extruded aluminum post buried to comply with local U.S. Postal Service mailbox mounting height. Door closes by a magnet siliconed on backside of door and a metal L bracket attached to mailbox assembly. Two (2) screws used to hinge mailbox door. Cast
