## General Description

Lytedrops hold Style Jacks and plug into Power Jacks. They enclose 20W or 35W T4 12V halogen lamps in an etched glass diffuser. The 5' or 10' one-piece cable can be field-shortened and hung on a sloped ceiling. Lytedrops plug into a Power Jack with a locking device. For best results, use 20W - 50W Power Jacks.

## Electrical

Bi-Pin base ceramic socket, accepts 6.35 mm pin spacing capsule lamps (see above) pre-wired with 10' 5" on 8629 or 5' 5" on 8631 electrical cord of 18 ga. soft stranded cable SF-1 leads with fiberglass braided sleeve and a silicone outersleeve.

## Finish

All painted finishes baked enamel.

## Labels

UL; I.B.E.W.
