

Radiante Normally On Series

ARCHITECTURAL LED EMERGENCY LIGHTING

Page 1 of 2

RDNON

Features

Illumination: Illumination is provided by two 3 W, white LEDs and a specular Miro 4 (Alanod™) aluminum reflector. The lamp head assembly may be rotated in five degree increments over a range of 60 degrees for ideal distribution along the egress path. Radiante Normally On will provide one footcandle average illumination over a 12' long path of egress for a single fixture and 26' centers for multiple fixtures.

Housing: Robust die cast and extruded aluminum housing. A full range of pleasing architecturally inspired finishes are available (see back). Wall mount to standard 3 1/2" octagonal junction box.

Operating Temperature

Range:

-22°F (-30°C) to 104°F (40°C)

Electronics: 120/277 VAC dual voltage input.

Electrical Specifications:

0.10 A, 11.73 W (120 VAC)

0.04 A, 11.61 W (277 VAC)

Code Compliance

UL 924 and UL damp location listed. NFPA 101, NEC, BOCA, OSHA and IBC illumination standards.

Warranty

Three year full electronics warranty.

Ordering Information

RDNO

Series

RDNO = Radiante
Normally On
Architectural LED
Luminaire

Housing Color

W = White
B = Black
A = Aluminum
G = Gunmetal
BR = Ornamental Bronze
AC = Aged Copper
VG = Velvet Green
N = Nickel

Consult factory for other
colors.

Input Voltage Options

Blank = 120/277 VAC No
Emergency
2CKT1 = 120/120 2 Circuit
2CKT2 = 277/277 2 Circuit

Factory Installed Options

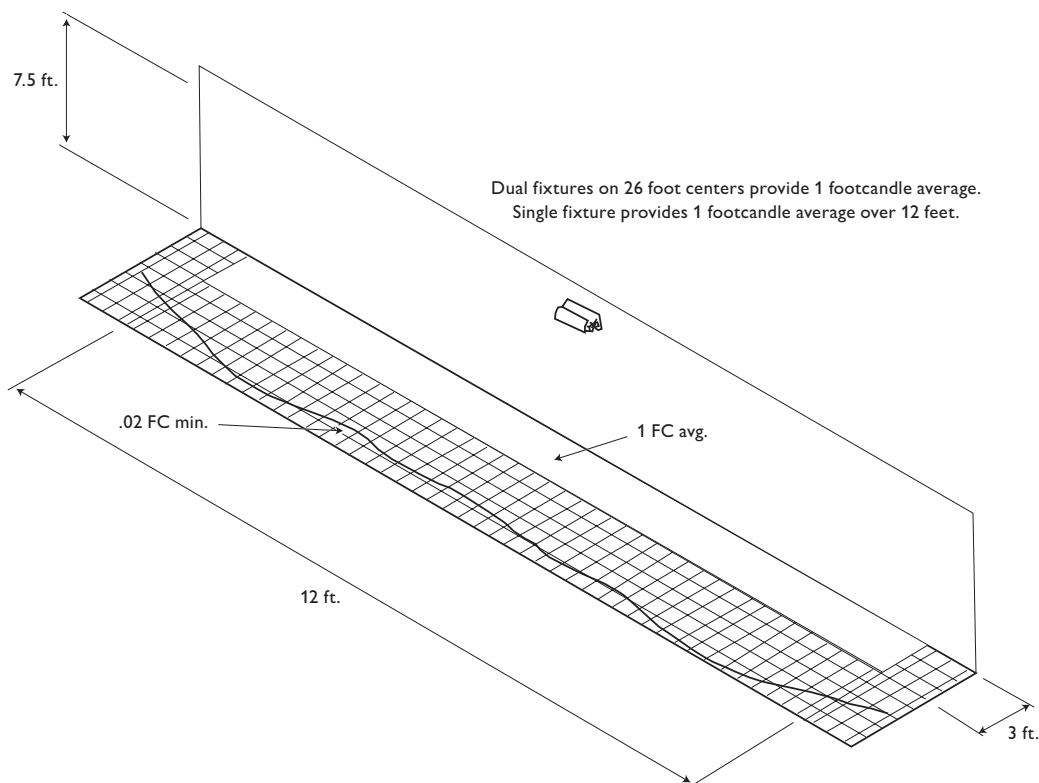

TP = Tamperproof

Accessories (order as a separate item)

T10TPTOOL = Tamperproof Tool with Bit

Optics

Wall Mounted, 7.5' AFF

* The optics layout shown is intended to be used as reference only. Standard reflectances used were 80/50/20. Lightolier is not responsible for site specific conditions that may alter the results.
