

OM8300R40LWW

8" Lensed Wall Washer

REVELATION REV. 01/10
SPEC SHEET # RV2-40

CAT. NO:

TYPE:

PROJECT:

PRODUCT INFORMATION

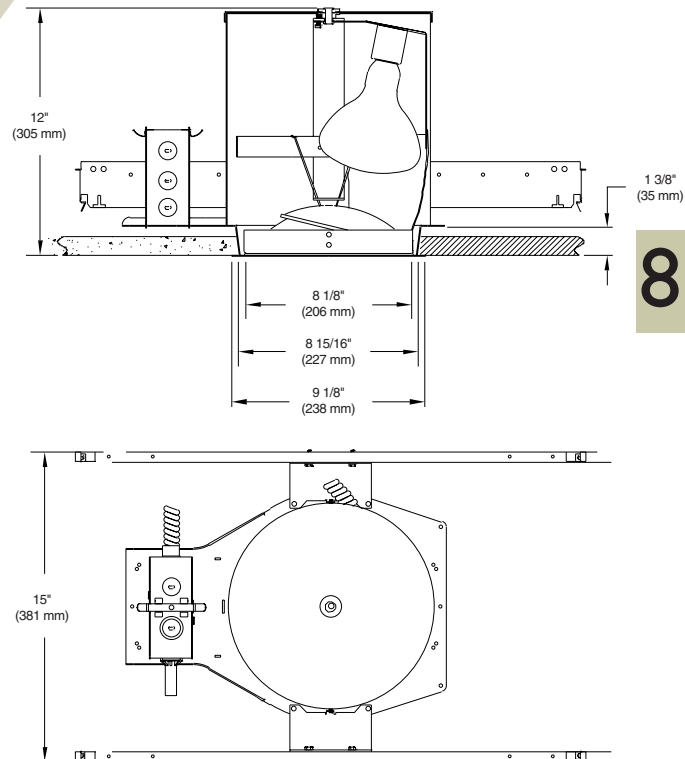

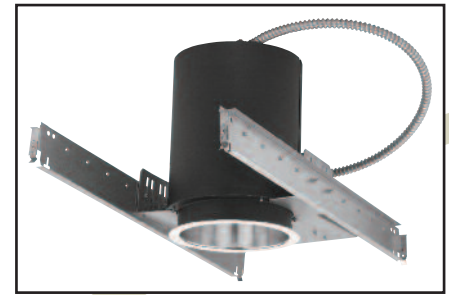

Applications

Recessed lensed wall washer for uniform illumination or grazing of vertical surfaces such as walls, draperies, murals, and textured surfaces. Spread lens smooths the beam distribution and conceals the light source from view. Low brightness trim matches other 8" aperture downlights from Omega.

Specifications

1. **Mounting pan** - Precision die-formed 20 gauge bonderized steel mounting pan.
2. **Housing** - Housing of 20 gauge bonderized steel, matte black finish.
3. **Installation** - Mounting pan has pre-installed C-channel with vertical and horizontal adjustments. Junction box and mounting brackets are accessible from below ceiling. Allow 2" above unit for servicing from below.
4. **Trim** - Precision spun .051 aluminum, self flanged with clear specular Alzak finish. Standard flat flange is painted white. Optional polished flange matching finish available, add FF to catalog number.
5. **Wall wash reflector** - Semi-specular Alzak reflector directs light to the vertical surface.
6. **Spread lens** - 75° spread lens of heat resistant borosilicate glass.
7. **Socket** - Medium base 250V porcelain socket with nickel-plated copper screw shell and 200 °C wire.
8. **Junction box** - Extra large 43.75-cubic inch 16 gauge galvanized steel with snap-on covers. Approved for through wiring with up to 8 #12 AWG conductors.
9. **Thermal protection** - A thermal protection device which meets all U.L. and NEC requirements is standard.
10. **U.L. Listed** - For use in wet locations in covered ceiling applications only. Approved for Through Branch Circuit Wiring. I.B.E.V. union made.

Canadian Specifications may vary from these shown, consult Canadian Division.
