TST300

TST600

Features

- Description:** 300w or 600w remote mount magnetic transformer with single 120v input with single 300 watt (TST300) or dual 300 watt (TST600) low voltage 12v outputs.
- Mounting:** Remote mount transformer may be installed in any orientation in an accessible area.
- Function:** Transformer features dual primary taps to compensate for voltage drop occurring from dimming or long wire leads from remote location. Fast acting circuit breaker on each secondary output provides protection against short circuit.
- Electrical:** May be fully loaded for designated wattage.

Features (continued)

- Compatibility:** Compatible with low voltage magnetic dimmers.
- Housing:** Housing is black powder coated with a hinged door for easy access to wiring compartment. TST300 features 4 knockouts sized for 3/4 inch screw cable connectors; TST600 features 6 knockouts sized for 3/4 inch screw cable connectors.
